The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Thematics Water Fund

is a sub-fund of Natixis International Funds (Lux) I (the "SICAV").

I/A (USD) ISIN LU1923621483

Natixis Investment Managers International, part of the BPCE Group, is the Management Company of the Fund.

OBJECTIVES AND INVESTMENT POLICY

- The sustainable investment objective of Thematics Water Fund (the "Fund") is to contribute globally to the universal provision of clean and safe water, in water pollution prevention and control and more broadly in the global, sustainable use and protection of all water resources while generating long-term growth of capital through an investment process systematically including Environmental, Social and Governance considerations. This Fund may be appropriate for investors who can afford to set aside capital for 5 years.
- The Fund is not managed relative to a specific index. However, for indicative purposes only, the Fund's performance may be compared to the MSCI AC World NR. In practice, the portfolio of the Fund is likely to include constituents of the index, however, the Fund is unconstrained by the index and may therefore significantly deviate from it.
- The Fund is actively managed and invests primarily in equity securities of companies identified as participating or having an exposure to the investment theme of Water which is considered by the Investment Manager to be underpinned by secular growth trends. As part of the sustainable approach of the Fund, the Investment Manager excludes controversial activities deemed to have a significant negative impact on the sustainable investment objective of the Fund during the screening process. The Investment Manager derives an internal ESG risk score in percentage. This ESG scoring is then rounded to 0 or 1, and carries an equal weight (25%) as the other criteria (Quality, Trading Risk and Management) considered in weighing each stock. While the review of the ESG criteria permanently covers at least 90% of the Fund's net assets, a low ESG score does not exclude a stock from the portfolio, but it will limit its position size. These in-depth analyses result in selecting companies assessed to practice good governance and whose activities do not significantly harm the achievement of sustainable development and the sustainable investment objective of the Fund.
In order to measure the effectiveness of the ESG approach implemented, the Investment Manager ensures that the Fund permanently has a better ESG rating than its Reference index after eliminating at least 20% of the worst-rated securities of the latter. The Investment Manager relies on the data from third party providers to monitor this rating upgrade approach. For additional information, please refer to the "ESG Policy" of the Investment Manager available on its website. The Fund is unconstrained by industry, index, currency, geography or capitalization size. The Fund benefits from the French SRI label.
- The Fund invests at least two-thirds of its total assets in equity securities worldwide. The Fund may also invest up to 30% of its total assets in equity securities in emerging markets companies (including certain eligible A-Shares). The Fund may invest up to one-third of its total assets in other types of securities than those described above and in money market instruments, cash and cash equivalents.
- On an ancillary basis, the Fund may use derivatives for hedging purposes.
- Income earned by the Sub-Fund is reinvested.
- Shareholders may redeem Shares on any business day in Luxembourg on which the New York Stock Exchange and the NASDAQ are open by 13h30.
- Please refer to the section entitled "Subscription, Transfer, Conversion and Redemption of Shares" of the Prospectus for additional information.

RISK AND REWARD PROFILE

- This ranking on the synthetic risk and reward indicator scale is due to the Fund's allocation to equity markets.
- Historical data may not be a reliable indication for the future.
- The risk category shown is not guaranteed and may shift over time. There is no capital guarantee or protection on the value of the Sub-Fund.
- The lowest category does not mean "risk free".

The following risks may not be fully captured by the risk and reward indicator:

- **Liquidity risk:** Liquidity risk represents the price reduction which the UCITS should potentially accept to have to sell certain securities for which there is one insufficient request on the market.
- **Stock Connect risk:** The Fund may invest in China "A" shares via the Shanghai-Hong Kong Stock Connect and/or Shenzhen-Hong Kong Stock Connect programs which are subject to additional clearing and settlement constraints, potential regulatory changes as well as operational and counterparty risks. Further investment risks are set out in the "Principal risks" section of the Prospectus.

CHARGES OF THE FUND

One-off charges taken before or after you invest:

Entry charge	None
Exit charge*	None

This is the maximum that might be taken out of your money before it is invested and/or the proceeds of your investment are paid out.

*A levy of up to 2.00% may be applied to an investor engaging in excessive trading or market timing practices. Please refer to your financial advisor or the distributor for the actual charges.

Charges taken from the Fund over a year:

Ongoing charges	1.21%
